To whom it may concern

I would like to take this opportunity on behalf of Lowestoft Town Council and the people of Lowestoft to thank all of the doctors, nurses, health care and key workers and the volunteers, whether in a community team or working individually, who have supported our community during the COVID-19 pandemic.

I am sure I join with you all in expressing my immense sadness for the loss of life during this time and send heartfelt condolences to the bereaved. Many people are still laid low by the virus and I send thanks to all those involved in their treatment, in the work that keeps the town going and those who are undertaking research to find a cure for this dreadful virus.

If you are one of the individuals who has come forward whether by your chosen career or selflessly volunteering your time, I personally thank you for all you have done. Once the battle with the virus is won, when we can come together again and there will be the opportunity for commemoration and ways to remember all those that have played their part. Decisions on what form this will take will need some careful thought and the time for that may, unfortunately, still be a long way off. However, in the meantime, we do welcome your ideas.

Please stay well and stay safe. Abide by the guidance issued and be proud to live in a town where so much has been done by so many.

Yours faithfully

*Alan Green*

Councillor Alan Green  
Mayor of Lowestoft.
