

Item 199.1

The gardening group was recently visited by a community engager from Morrisons who donated seeds and growing material for their seeds of hope campaign.

Members of the group want to paint the wall in what is known as "the quiet corner" formerly the foundations of "the shelter".

Costs of paint etc. have not been calculated at this time or the agreement of the committee but the group wanted to know first if the painting would be agreed by LTC.
