

My club enjoys the lawn bowls at Kensington Gardens twice a week as it keeps us pensioners fit and active and also socialised with each other.

Would it be possible to have a Petange (French boules) rectangular area at Kensington Gardens near the Boating Lake so that we can play on a different day keeping us active longer?

We enjoy ourselves so much and the grounds staff do a fantastic job keeping the grounds looking beautiful and running around looking after us and others.

This place is truly a gem in Lowestoft's crown.
