The club had considered purchasing CCTV, which the Town Council would reimburse to a maximum cost of £200, with the footage to be made available to the police. The Deputy Clerk advised that there were many regulations and legal implications with CCTV. As the owner and operator, the club would be responsible for installing the relevant signs, but it would need to be established how they would handle the data recorded.

The facilities officers would consider the installation of a fence around the green as a security measure due to the recent damage to the area.

Whilst police have increased their patrols in the area, the club were concerned about security for two matches on 27 June and 5 July. Therefore, it had been suggested to hire a security firm to attend those two matches, with no further commitment at this time, which was estimated to cost less than £600.

The Deputy Clerk temporarily left the chamber at 16:18

The Deputy Clerk returned to the chamber at 16:20

Cllr Pearce proposed a delegation to officers to liaise with the club and a local security firm to arrange private security for the two matches (27 June and 5 July) with maximum budget of £750 to be allocated from the Community Safety Reserve; seconded by Cllr Pitts; all in favour.

- 10.2. To consider locations for directly-funded defibrillators; namely Gainsborough Drive, Rosedale Park, and Clarkes Lane – The assessment for the locations was displayed. The thermal cabinet option was selected for Gainsborough Drive and Clarkes Lane, which officers would obtain costs for.

For Rosedale Park, Cllr Pearce proposed to explore a cooperative arrangement with the nearby doctor's surgery to place the defibrillator on their building and use their electrical supply. As they surgery may already have a defibrillator, officers would also

8.3 To consider a request from the Finance and Governance Committee for part funding from the Community Safety budget for the electrical upgrade at the Marina Theatre – Further information had been received and this item was re-visited. A quote for £10,000 had been located, with the breakdown of electrical works which had been deemed not urgent. Cllr Pearce proposed to not allocate the funding from the Community Safety Reserve as the works were not required for safety reasons, with this reasoning to be provided to the Finance and Governance Committee; seconded by Cllr Pitts; all in favour.
