242.3d. Payments for approval – There were none.

242.4. Renewal arrangements for the Town Council’s insurance – Budget provision has been made for an inflationary increase to the current cost. The Town Council has been offered a new policy at a significantly higher cost, or a one to two year extension of the existing policy at the same cost. Cllr Pearce proposed to approve the two year extension and use that time to consider future arrangements; seconded by Cllr Barker; all in favour.

243. Town Hall Project

243.1. The draft minutes of the Town Hall Project Committee meeting on 14 March 2024 – The draft minutes were received and noted.

243.2. The delivery stage of the redevelopment of the Town Hall:

243.2a. A progress report from the Project Manager –

The Town Hall Project Manager joined the meeting 18:53

A written report had been provided. The application for Permission to Start had been submitted. Granting of Permission to Start would enable certain expenditure to be reclaimed. The Project Manager had met with East Suffolk Council regarding the transfer of the remaining parts of two title deeds, and a letter should be following to confirm the transfers. East Suffolk Council had approved the use of its land to the west of the Town Hall for a compound once works start. RIBA Stage 4 was being finalised. The Project Manager would need to be made aware of any changes requested. A Procurement Consultant had been appointed for the tender process for the primary contractor on the build project. Advance notice would be given of the Council’s intention to go out to tender and an informal visit to the Town Hall would be taking place on 15 April. The Heritage Manager role would be Lottery funded for five years. The budgeted costs in the business plan did not include pension provision and a review of the operational budget was therefore essential. Cllr Pearce proposed that this review be carried out at the next Project Committee meeting, and make a recommendation to Full Council on whether any additional on-costs will be Lottery funded or directly funded; seconded by Cllr Barker; all in favour. It was understood a Memorandum of Understanding from East Suffolk Council regarding transfer of the deeds would be sufficient for Permission to Start. It would need to be noted to the Heritage Fund’s satisfaction that building works would be taking place on that land whilst the Land Registry process is underway. Cllr Barker offered her thanks to the Project Manager and her team.

243.2b. A delegation to the Interview Panel appointed by the Town Hall Project Committee, to appoint to the position of Heritage Manager – Interviews would be held on 10 April. Cllr Pearce proposed approval. Four Town Councillors and the Acting Town Clerk would be on the panel. The Heritage Project Manager would be in attendance to advise on questions and answers and provide advisory scoring. It was clarified that no financial decisions would be delegated to the interview panel. Cllr Begum seconded the proposal and all Councillors voted in favour.

243.3. Officers attending project design/construction meetings and making decisions on behalf of the Town Council, subject to same caveats which apply to delegations to the Project Committee – During the construction phase decisions will need to be made rapidly. Cllr Pearce proposed for officers in facilities maintenance to attend design and construction phase meetings with a delegation to be able to make decisions on items which are within the pre-agreed budget and scope of works. Cllr Pearce further proposed a delegation to those officers to approve any ancillary, out of scope Town Hall repair and maintenance

works, subject to the availability of funds in the Town Hall repairs and maintenance budget or reserve, ensuring due reporting on any expenditure to the relevant Committees; seconded by Cllr Brooks. The Project Manager considered the delegation should not necessarily be restricted to design and construction meetings. Cllr Pearce amended his proposal for the delegation to extend to any situation where the facilities officer is liaising with the project team members, but the same caveats would apply as with the initial proposal. Cllr Brooks seconded the proposal and all Councillors voted in favour.

The Town Hall Project Manager left the meeting 19:11

244. Marina Theatre

244.1. The draft minutes of the Marina Theatre Project Committee meeting on 7 March 2024 – The draft minutes were received and noted.

244.2. Recommendations from the Marina Theatre Project Committee:

244.2a. A progress report from the Project Manager –

The Marina Theatre Project Manager joined the meeting 19:11

The Marina Theatre Project Manager introduced herself and the work of the Marina Theatre Project Committee. A Design Team had been appointed following an open procurement process, and they will prepare detailed technical designs. There will be a break clause at the point when detailed designs are ready, so the feasibility of the project can be reviewed in terms of costs and timings. An initial meeting was due to take place with the Design Team shortly. It had been identified that the scheduling of works would need to avoid the Marina Theatre's and Players Theatre's pantomime seasons and the kittiwake nesting season.

The Marina Theatre Project Manager left the meeting 19:19

244.2b. Ratifying the decisions made by the Marina Theatre Project Committee meeting on 7 March 2024 and requesting more members to join the Committee – In line with its Terms of Reference, for a meeting to be quorate, at least half of those in attendance must be Town Council members. This was not the case at the meeting on 7 March. Cllr Pearce proposed to ratify the decisions made by the Marina Theatre Project Committee at its meeting on 7 March; seconded by Cllr Brooks; all in favour. Cllr Parker was willing to join the Project Committee. Meetings were currently held on a Thursday as that was when the Trustees were all in Lowestoft. Cllr Brooks requested the Committee give consideration to the scheduling of its meetings. Cllr Pearce proposed to approve Cllr Parker's request to Join the Committee; seconded by Cllr Begum; all in favour.

244.2c. If appropriate, an amendment to the Committee's Terms of Reference regarding membership – Cllr Pearce considered the requirements regarding membership were in place for a reason and may jeopardise the legitimacy of decisions or VAT reclaim if changed. Councillors were reminded of the importance of sending in apologies if they could not attend meetings. If necessary, a Marina Theatre Trustee could be asked to stand down as a Committee member. Cllr Pearce proposed to make no amendments to the Terms of Reference regarding membership; seconded by Cllr Brooks; all in favour.

244.2d. A delegation to the Committee, including Marina Theatre Trustees, to accept East Suffolk Council's Memorandum of Understanding, without the need for a formal meeting – There had been further correspondence from East Suffolk Council since the agenda had been drafted. It was agreed to consider this item with item 244.4, some aspects of which would be confidential.

244.2e. Officers attending project design/construction meetings and making decisions on behalf of the Town Council, subject to same caveats which apply to delegations to the Project Committee – This would be a delegation equivalent to that approved for the Town Hall project at item 243.3. Cllr Pearce proposed to approve a delegation to facilities maintenance officers on the same terms as that agreed for

245.2. Recommendations from the Community Safety Sub-Committee regarding recent vandalism to public toilets:

245.2a. Progressing the lighting and CCTV recommendations from the Fen Park Design Out Crime Report, with coverage to include the play area and public conveniences, and consider localised lighting in the interim – Cllr Brooks proposed to trial CCTV in Fen Park, as per the recommendation of the report; seconded by Cllr Pearce. As part of this, it was requested that facilities staff explore permanent options and provide a specification and quotations for consideration. The impact of lighting on wildlife was discussed. The target area for lighting would not be near the trees or pond. Cllr Pearce proposed approval of the lighting and CCTV recommendations from the Design Out Crime Report; seconded by Cllr Brooks; all in favour. Officers were asked to consider a specification and operating requirement for the lighting.

245.2b. Building in security and prevention measures for public toilet refurbishments going forward – Cllr Pearce proposed that any security and prevention measures are considered going forward, when toilet refurbishments are scheduled in and budgeted for; seconded by Cllr Begum; all in favour.

245.3. Giving a delegation to the Assets, Inclusion and Development Committee to submit applications for District CIL funding to make improvements to play areas and assets – East Suffolk Council's CIL Officer had delivered a presentation, and the Town Council had the option to apply for District CIL funding for projects which were ready to implement. The Acting Town Clerk advised applications were being completed for such projects, which would need to be approved prior to submission. Cllr Pearce proposed to delegate authority to the Assets, Inclusion and Development (AID) Committee to review the applications and submit them; seconded by Cllr Brooks; all in favour.

245.4. A request from a tenant to install electric vehicle charging points (some aspects may be confidential) – To be considered during the confidential session.

246. Denes Oval

246.1. An update on the pending condition survey of the Denes Oval pavilion, and use the findings of the survey to commission a schedule of works for refurbishment of the pavilion (some aspects may be confidential) – The condition survey had been received recently and would need to be reviewed by relevant officers. Cllr Pearce proposed to delegate authority to the AID Committee to decide whether the schedule of refurbishment works can be progressed by Town Council officers, or whether a Chartered Surveyor should be commissioned; seconded by Cllr Brooks; all in favour.

246.2. The feasibility of applying for a Public Works Loan for refurbishment work to the Denes Oval pavilion and perimeter wall – It was agreed to defer this item to May's Full Council meeting.

247. Tennis Court Operator Model

247.1. A recommendation from the Evaluation Panel (confidential) – To be considered during the confidential session.

249.2. Recommendations from the Climate and Ecological Emergency Committee:

249.2a. Supporting the Climate and Ecology Bill – The motion had been circulated to Councillors.

Cllr Ray temporarily left the meeting 19:55 for the consideration of this item

Cllr Brooks had not had the opportunity to read the motion and proposed to defer this item to April's Full Council meeting; seconded by Cllr Begum. Cllr Patience supported this and considered it important for Councillors to understand the implications. Cllrs Page and Pearce did not support the deferral. A speaker had presented to the Climate and Ecological Emergency Committee regarding this, and the Committee had subsequently made the recommendation to support the Bill.

Cllr Barker temporarily left the meeting 20:02 and returned 20:03

Cllr Barker had checked with Cllr Ray, who did not think this was due to be voted on in Parliament imminently. Cllr Brooks amended her proposal to defer this item to April's meeting and ask the speaker to attend the meeting or provide further information in advance; seconded by Cllr Begum; thirteen Councillors voted in favour; one Councillor abstained from the vote.

Cllr Ray returned 20:05

249.2b. For policies to be reviewed in batches with common themes, to effectively cross-reference and identify where policies need to be combined or adapted to reduce duplication – Policies were currently reviewed alphabetically, however several had common themes, which made it more logical to review them in batches. Cllr Pearce proposed to take this approach from 2024 – 2025, with the Standing Orders and Policies Working Group to consider the grouping; seconded by Cllr Brooks; all in favour.

249.3. Expenditure on kittiwake nesting prevention measures at the Marina Theatre, and considering compensation due to measures being ineffective – It was noted that recent expenditure had provisionally been allocated against other budgets. Cllr Pearce proposed to allocate this expenditure to the climate budget as previously agreed; seconded by Cllr Page; all in favour. Nesting deterrent measures had been ineffectual from the outset. Cllr Pearce proposed to pursue compensation. As this would be the start of a contractual dispute, it was agreed that the cost and mechanism should be considered during the confidential session. Cllr Brooks seconded the proposal and all Councillors voted in favour.

249.4. Protection measures for the Fen Park pond aeration device, within a maximum budget of £610 plus VAT – Cllr Brooks proposed approval, with the Finance and Governance Committee to determine the budget allocation; seconded by Cllr Pearce; all in favour.
