b. The following recommendations made under delegated authority at the Planning Committee meeting on 23 November 2023 were noted:

Lowestoft Town Council
Meeting of the Planning Committee
First Floor, Hamilton House, Battery Green Road, Lowestoft, Suffolk, NR32 1DE
18.45 on Thursday 11 January 2024

Reference	Address and Description	District Ward
DC/23/1674/FUL	Hamilton Docks Hamilton Road - <u>Demolition and development of warehousing and offices to store parts for off-shore renewable infrastructure.</u>	Harbour and Normanston
It was agreed to recommend support of the application.		
DC/23/4216/FUL	77 Oulton Road - <u>Retrospective Application - Lowering of existing decking</u>	Harbour and Normanston
It was agreed to recommend approval subject to subject to confirmation the key statements in the application and the design and access statement (that the post-reduction height of the decking would be at the same level as that in the neighbouring property at No 75, and that the eyeline of anyone sat on that decking would be below the level of the boundary fence hence no residual overlooking/privacy issues), and subject to this appropriately remedying the enforcement case.		
DC/23/4373/FUL	Crown House Crown Street West - <u>Retaining all internal structural elements that exists and the complete refit to internal spaces except stairways to form the 5 Apartments.</u>	Harbour and Normanston
It was agreed to recommend refusal due to over development; viability (planning statement explicitly acknowledges delicate balance between number of rent paying occupants and minimum space requirements, HMO designs seem calculated to circumvent restrictive minimum space requirements that would apply with self-contained units by relying on shared living/kitchen/WC arrangements to free up space in the designs); policy/heritage - not suitable in a conservation area or Crown Street West Character Area, particularly the potential for significant increase in off-street parking; inadequate parking and bin provision, also if every occupant was a working person who used a bike to get to work, the cycle storage space would be inadequate, particularly relevant given the lack of any off-road car parking provision in the designs.		
DC/23/3693/FUL	Flat 14 Kensington Court London Road South - <u>Replacement of bedroom window, bathroom window, and kitchen window</u>	Kirkley and Pakefield
It was acknowledged the application would be assessed in line with the Historic Environment Supplementary Planning document, Window Replacement Guidance para 10.25 and para 10.26.
